Innovative
Timber Flooring

Rigid Core Timber *by Sunstar* is a revolutionary timber flooring integrating European Oak and beautiful Australian Hardwood timber on a stabilized Rigid Core base with the latest LED Cured UV protective Coatings. The Rigid Core base minimizes water absorption substantially increasing water resistance, preventing board cupping and delamination damage suffered by solid and traditional engineered timber flooring. The perfect family safe timber.

- Latest innovative LED UV coating
Ultra durable scratch & water resistant protective layer to the surface and bevel edge
- Real timber veneer
Naturally beautiful timber
- Latest Engineered Rigid core
Stabilized waterproof composite core
- Locking system with drop lock ends
